

April 2016

Dear Sir or Madam,

Please accept this document as a formal notification that SYLEX will be changing the type of SM and MM fibers in a number of distribution (TB) raw cables which are used in the manufacture of final products. For SM SYLEX will be using the new single-mode **Corning® SMF-28® Ultra fiber**, for OM3 and OM4 it will be the **Draka MaxCap-BB-OM3** and **MaxCap-BB-OM4**. This change is intended to provide our customers with higher quality products.

You can find fiber specification on following webpages:

[http://www.corning.com/media/worldwide/coc/documents/Fiber/SMF-28\\_UltraFiberBrochure\\_10-2014.pdf](http://www.corning.com/media/worldwide/coc/documents/Fiber/SMF-28_UltraFiberBrochure_10-2014.pdf)

[http://www.prysmiangroup.com/en/business\\_markets/markets/fibre/downloads/datasheets/MaxCap-BB-OM2-3-4\\_2013-03.pdf](http://www.prysmiangroup.com/en/business_markets/markets/fibre/downloads/datasheets/MaxCap-BB-OM2-3-4_2013-03.pdf)

For detailed information, please contact your primary SYLEX representative.

This change will be implemented through a gradual roll-out, coming into effect after stock of the current raw cables are depleted.

Sincerely,

Your SYLEX team
